Portfolio &
Projects

PROFESSIONAL SUMMARY

Senior Software Engineer and Tech Lead with **9 years of professional experience** (2018–2026) building and scaling SaaS and government-grade platforms. Strong background in **backend architecture using Laravel, Golang, and Node.js**, combined with hands-on leadership of large engineering teams. Currently owning both development and production operations for a national-level industrial platform in Saudi Arabia.

PROFESSIONAL EXPERIENCE

Ministry of Industry & Mineral Resources – Saudi Arabia

Senior Software Engineer (Backend) | Dec 2024 – Present

- Core backend engineer on **Senaei**, a national Laravel-based industrial platform.
- Backend architecture, API integrations, and database optimization.
- Full ownership of production operations: deployments, monitoring, incident handling, and performance tuning.
- Close collaboration with product, QA, DevOps, and government stakeholders to meet SLAs.

TPLEX

Senior Software Engineer (Full Stack) | May 2023 – Nov 2024

- Developed and scaled **Securly**, a security and monitoring SaaS for educational institutions.
- Backend services in Laravel, Golang, and Node.js; frontend in Angular.
- CI/CD pipelines with Jenkins and AWS infrastructure.
- Improved reliability, observability, and scalability across services.

Cooperative Computing

Team Lead Software Engineer | 2022 – May 2023 | Senior Software Engineer | 2020 – 2022

Software Engineer / Associate / Intern | May 2018 – 2020 | Karachi, Pakistan

- Led **52 engineers across 7 parallel projects** in fintech, logistics, and e-commerce.
- Hands-on development with Laravel, Golang, Node.js, Vue.js, and Angular.
- Architecture design, mentoring, delivery ownership, and stakeholder management.

CORE SKILLS & EXPERTISE

Backend: Laravel, Golang, Node.js, REST APIs, Microservices

Frontend: Angular, Vue.js, Nuxt, Next

Cloud & DevOps: AWS (EC2, S3, RDS, CloudFormation), Jenkins, Git

Databases: MySQL, Redis, NoSQL

Leadership: Team Leadership, Architecture, Code Reviews, Delivery Ownership

Operations: Production Support, Monitoring, Incident Management, Performance Optimization

EDUCATION

BS Computer Science (BSCS)

Emaan Institute of Management & Science | January 2020 – January 2024

DAE – Diploma of Associate Engineering (Computer Information Technology)

Aligarh Institute of Technology | 2015 – 2018

KEY HIGHLIGHTS

- 8+ years of production systems development and deployment
- Led 52 engineers across 7 concurrent projects
- Expertise in government-grade and SaaS platform architecture
- Full-stack capability: backend architecture to production operations
- Strong mentoring and team leadership experience
